Dear Walt:-

We must have left Alberta
about the same time as you had the
fire. Sorry I didn't take time to
drop in & get up to date on the
doings & things this summer. Sorry
to hear of the tough old struggle.
I have attached a check to help
you buy stamps etc that you
need to help carry on the great
work you are doing. We
moved to Nu-Me-O Beach last summer
& will be there this coming summer.
Just Jan. 10th. will get us in the summer
time. Phone 586-2014.

Warmest Season's Greeting
& Happy Landing.

Your note and enclosed cheque of 6 Dec 83.

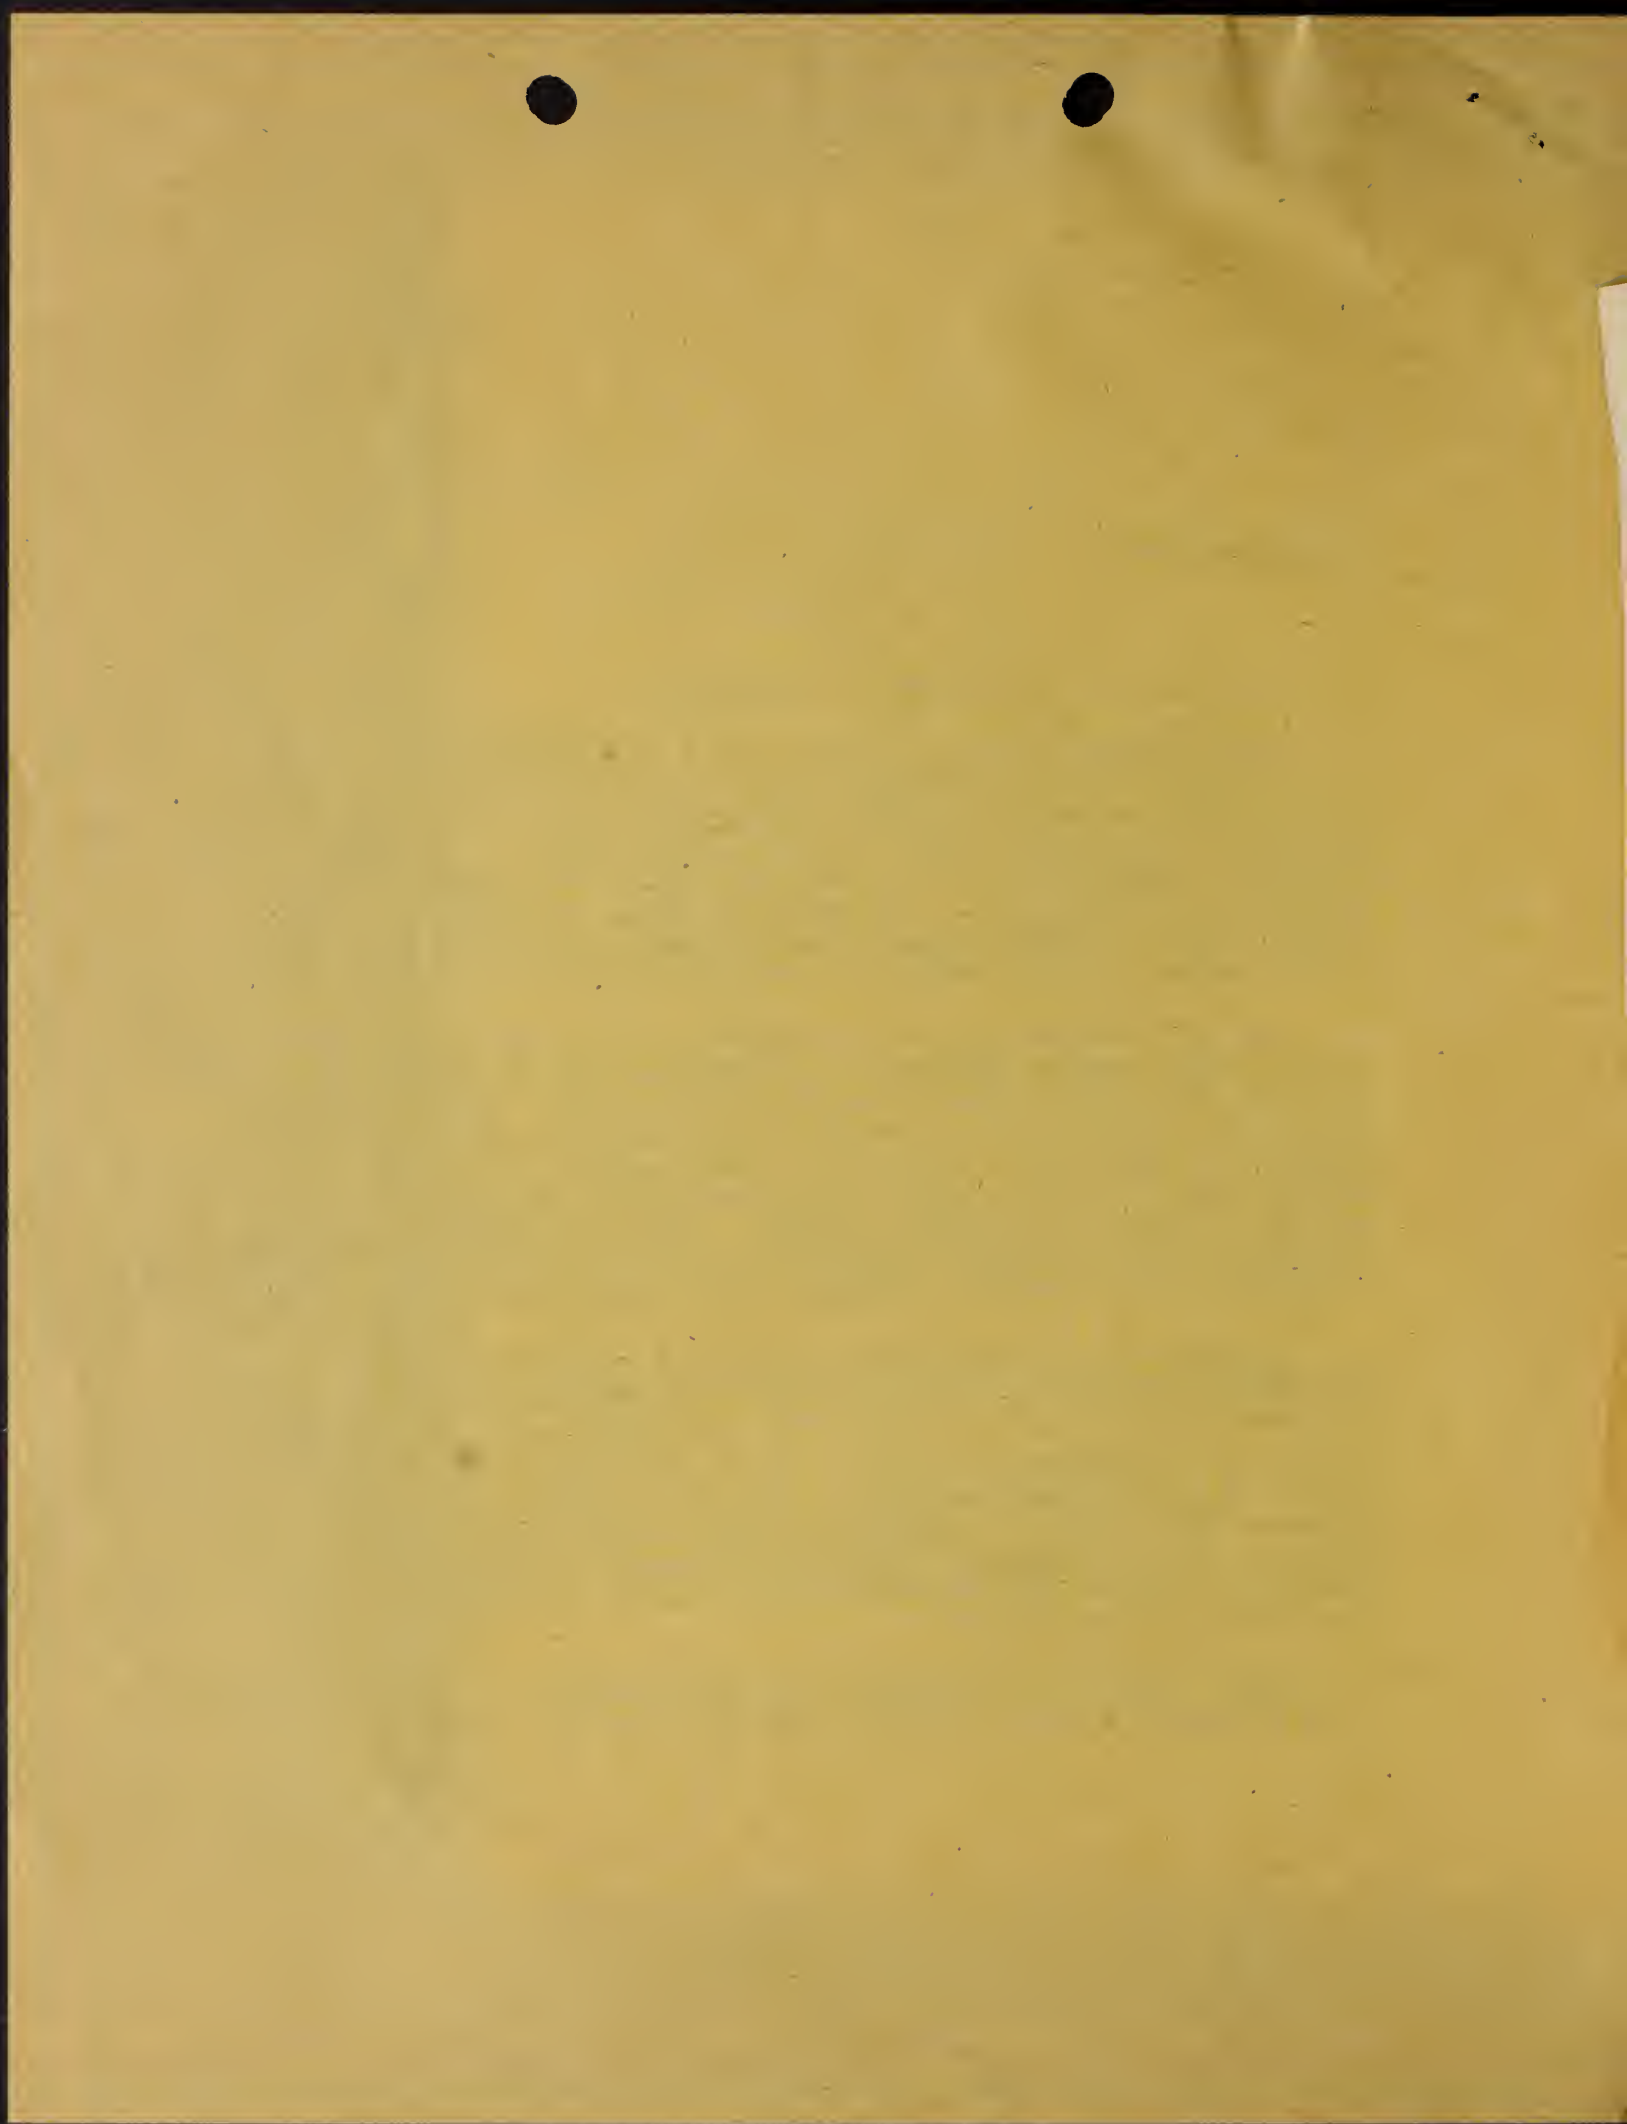

The assistance you have given us is much appreciated. Herewith a receipt for your last donation of \$100. It was doubly valued as we have had some extra expenses in connection with our move. Perhaps you are not up-dated on that. We were given notice to vacate our premises in HUB Mall at the end of June last. Our lease had expired at the end of March last. We fought to retain our office on the U of A Campus, even ~~for~~ taking some legal action, short of a full trial. Nothing worked and we accepted the inevitable at the end of Dec. 1983.

Our new premises consists of an office, 16' x 16', which is Room 307 in the Noble Bldg. at 8540 109 St., Edmonton, Code T6G 1E6. That is a bit more floor space than in the HUB (138 sq. ft.). But it is all on one level, no partitions, no street facing window so no public exposure at all. We view it as a temporary accommodation, say for a year or so. Eventually, if we are to play a significant role vis-avis the public we will require a store-front premises. That will depend on the economic climate and the membership response. As it is our rent is up from \$131.34 to \$150, and our income is somewhat down. We have lost about 4 members too.

So this is a holding action. We hope we will not lose too much of the ground we gained at the University. We seem to very limited in the scope of action open to us from here. We still meet informally - 3,4,5, or 6 of us, on Tuesday evenings. And we still try to open the office from 2 to 4:30 weekday afternoons. We are on the 3rd floor, with elevator service, fortunately. Maybe when you are in town you will drop by and look us over. I am going to mail this to your permanent address at Athabasca. Thanks for the invite to call by your cottage at Ma-Me-O Beach, your summer address.

Again thanks for the support you have given us. I take it you will be continuing as an MAL and send your dues directly to CHQ.

Dear Walt:

Sorry I didn't take time

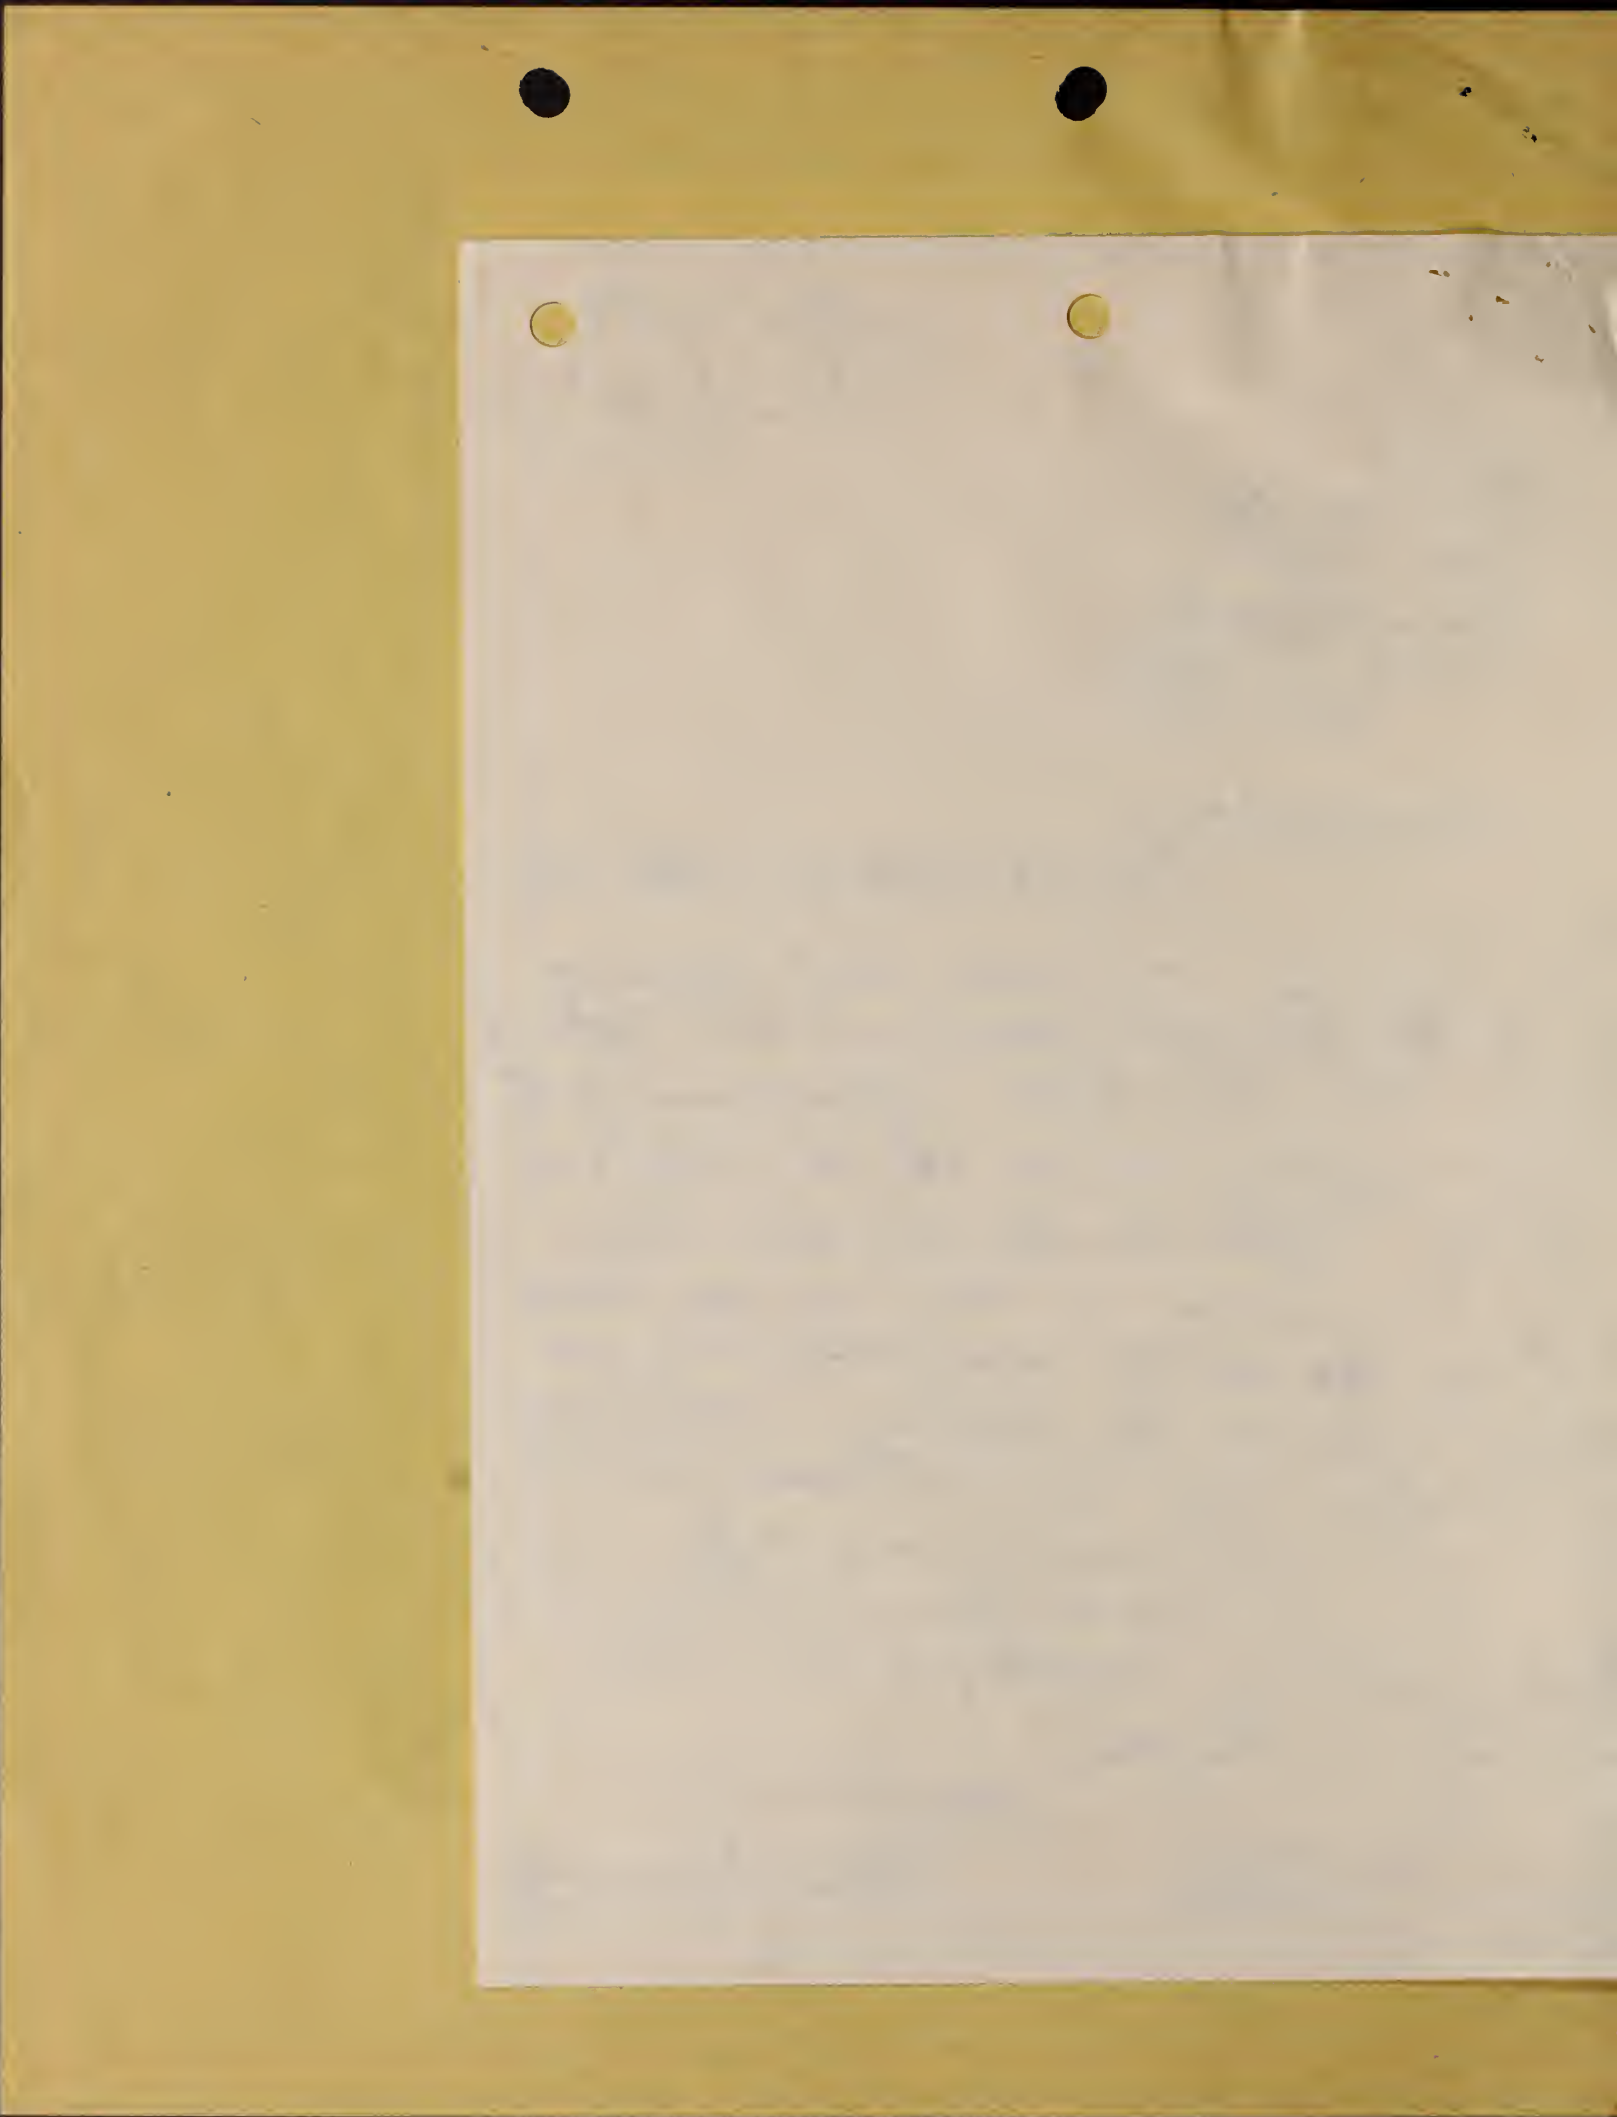

to drop in on you last summer
really thought about it at different
times but never did. Spent most of the
time working on our shack at McMeo
beach. Figure on having more time
next summer so may see you then.
If any of my members are out that way we
live right on the highway a block west
of the Legion Hall. "Spencer's Corner" Ha? Drop
in and we'll make you a coffee.

Being all the adventizing as talking about
giving - the bug is getting to me & I've
attached a cheque.

\$100 cheque

Greetings:-

Have just rec'd + read newsletter +
calendar for Oct 82. Mail does not catch up to
me very promptly during the winter when we are
down south but we usually get it sometime.

It's real nice to know that there are still
some people who are carrying on the work
and trying to get people to wake up and do
something about the conditions that old price
system has got them into.

Am attaching a cheque maybe it will help
buy the projector that was mentioned in the
news bulletin.

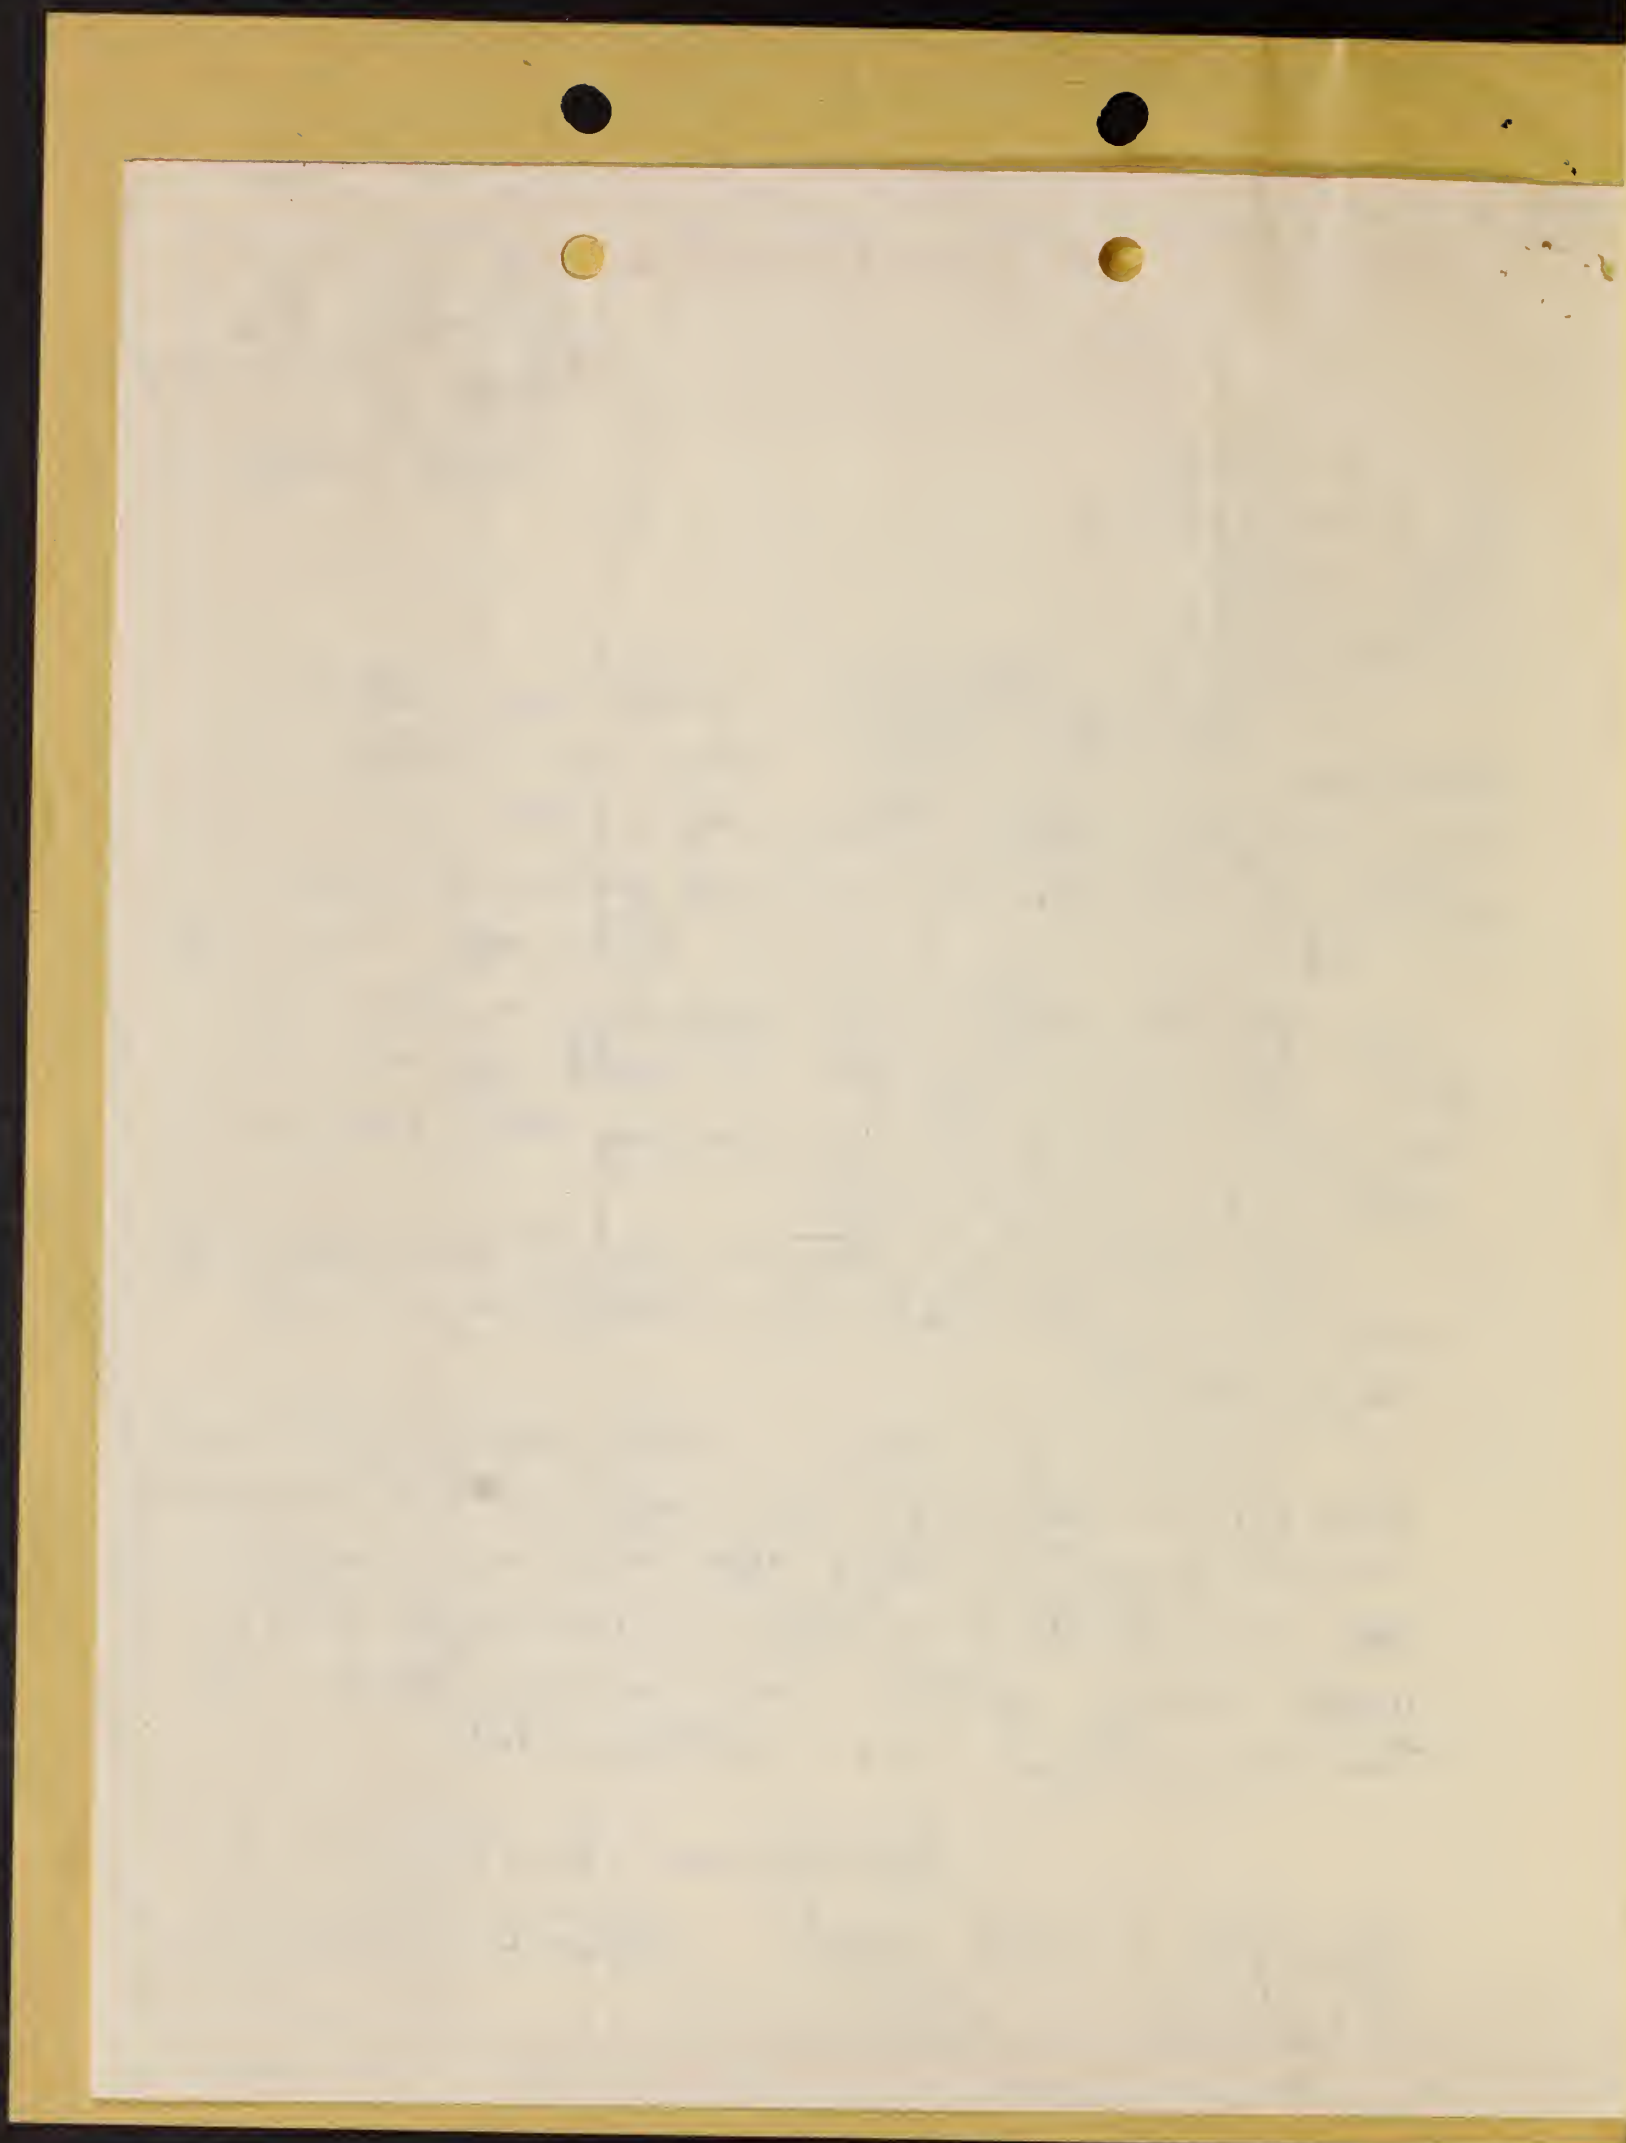

I use the above address during the winter
time (Nov. to Apr.) to get my mail. Have it run into
any Technocrats in these ~~two~~ parts. Most everybody here
are "snowbirds" and they would surely make an
awful noise if their social security, pensions, life
time savings ^{etc} were ever curtailed. Ha?

Best Season's Greetings
